WORK EXPERIENCE

Freelance Developer

Freelance Web Developer   May 2025 - Present

- **Built a full-stack web application** using **Next.js** for frontend and **NestJS** for backend with modular, scalable architecture.
- **Designed RESTful APIs** in NestJS and consumed them using Axios in Next.js with proper error handling and loading states.
- Integrated **PostgreSQL** with **Prisma** enabling efficient data modeling and querying.

Devx Commerce

Junior Software Developer   August 2024 - January 2025

- Implemented a high-performance website for a digital marketing agency using **Astro.js, React, and Tailwind CSS**
- **Optimized the site for speed and SEO**, ensuring fast load times and better search engine visibility
- **Collaborated with cross-functional teams**, including **QA**, to ensure quality assurance and timely project delivery

EDUCATION

Sarvajanik College Of Engineering And Technology

B.Tech in A.I. & D.S. - 8.60 CGPA   October 2021 - June 2025

- Learned **fundamentals of programming, data structures, and algorithms**.
- Gained hands-on experience with **machine learning** models and libraries like **Scikit-learn**.
- Covered **data preprocessing, model evaluation**, and **deployment basics**.

PROJECTS

Blogify ↗   July 2024 - August 2024

- **Built a full-stack blog application** using the **MERN stack**, enabling users to create, edit, and delete posts with image uploads.
- Integrated **AWS S3** for storing blog images securely using **Multer** and **pre-signed URLs** for efficient file handling.

Threadify ↗   June 2024 - July 2024

- Developed a **social media web app inspired by Threads** using **Next.js**, with robust data validation through **Zod** and UI components built using **Shadcn UI** for a polished user experience.

RecipeShare ↗   February 2024 - March 2024

- Developed a **recipe sharing web application** using **Express.js** and **EJS templating**, enabling users to create, share, and browse recipes with dynamic server-side rendering.

SKILLS

- **Frontend:** Next.js, React, Tailwind CSS, Shadcn UI
- **Backend:** NestJS, Node.js, Express, MongoDB, REST APIs
- **Languages:** JavaScript, TypeScript, Python
- **Tools & Platforms:** AWS S3, Git, Docker, Vercel,Linux
- **Validation & Testing:** Zod, Jest
- **Others:** GraphQL, WebSockets, Prisma
